SPORTING NEWS OF THE WEEK.

The Reliance Club Will Have Boxing Night November 1.

Baseball Players are Waiting for End of Season.

For outdoor sports and games baseball and football are occupying the attention of local sport lovers. The fans are pulling their best to get Oakland's nine out of the last hole.

The rooters are very much alarmed for fear the Berkeley eleven will not be in form for the great game with Stanford on Thanksgiving day. The fact that the Reliance team—badly battered from a recent game on hard ground and without a substitute put seven of the 'Varsity men out of action and held them down to a score of 5-0, is taken as a bad omen. Besides that Captain Pringle is laid up with some twisted tendons in his legs.

Coach Yost of Stanford watched the game and afterward stated that he thought Stanford was in a position to give Berkeley a hard fight on Thanksgiving day. He thinks Berkeley has splendid material ,but it must be whipped into better shape to beat his pets.

Baseball.

As a result of the last series played, Oakland and San Francisco received another set back, at the hands of the country teams. Sacramento has a firm grasp on first place and Uncle Hank's band of high salaried artists will have to start something pretty soon, or else they will be classed among the also rans. Harper's gang of hard lucks are coming with a rush, and threaten to push Uncle's crowd out of second place. It would be a bad tale if they finally landed on the tail end. This week Ewing's aggregation of cripples and bridegrooms will do their best to help them on their journey to that most unenviable position. Following is the club standing to date:

	Sacramento	San Francisco	Stockton	Oakland	Games Won	Games Played	Per Cent
Sacramento	*	15	8	19	73	42	.575
San Francisco	15	*	16	9	76	40	.526
Stockton	5	13	*	17	71	35	.472
Oakland	11	8	15	*	79	34	.430
Games Lost	31	36	39	45	..	..	...

In Saturday's issue of one of the Frisco papers there appeared an article accusing the Oakland team of doing some things that looked a little peculiar in the way of favoring the Sacramento team and detrimental to the interests of the Wasps. The article is so absurd that ordinarily it should pass unnoticed, but as it may impress some people as being a fact, we deem it but proper to state that it is absolutely false and without foundation. Neither the management nor the players of the Oakland team have at any time done anything that looked peculiar. The team is in last position, and the players and management fully realize the fact and are doing their utmost to advance themselves in the league race. The article referred to was probably written without serious thought, as there was absolutely no foundation upon which to base any accusation as stated. The members of the Oakland team are not in the game for sentiment nor for their health, but for the stuff which "buys shoes for the baby," and it is ridiculous to imagine that they would attempt anything that would lower the dignity of the game or affect its interests in the California League.

Umpires in this league receive about the same salary as the average player, yet the only time they donate to its service is when they are actually engaged at the league games. The players are required to practice almost every day so as to be in proper condition. Why not the umpires? If they were compelled to practice and get their eyes in proper trim for judging balls and strikes, the average batsman would have some chance instead of being sent to the bench a victim of a weird eye.

Bowman made a sensational catch of a long fly hit by Sheehan, and easily doubled up Devereaux ,who, thinking the ball was safe, was making great strides for the home plate. It was a grand play and the audience appreciated the fact by tendering the popular outfielder a tremendous ovation.

The Oaklands won the morning game by out playing the Gilts at every point. Borchers pitched in magnificent style, and was well supported by the entire team. Devereaux was on the rubber for Sacramento, and was touched up pretty lively, being hit safely thirteen times including a home run by Held.

Hutchinson, in attempting to field a thrown ball, collided with the base runner and severely injured his hand, necessitating his retirement from the game.

The Dudes lost both games played at Frisco, owing to their weakness with the stick, and a few errors at critical stages of the game. Moskiman pitched in both games and did splendid work.

Arellanes had his leg badly wrenched in Sunday's game, and will probably be unable to play in the next series.

Kid Kelly has been putting up a swell game at third base. He covers a great deal of ground, handles the ball cleanly and is a fine thrower.

Pete Lohman did some great work in all three games, his throwing to bases being a feature.

Buck Francks made his reappearance but was not in the best of condition, owing to his recent illness.

Charlie Doyle pitched his best game of the season Sunday afternoon. He had more speed, better curves and control, and was fully entitled to win his game.

Some of the Oakland cranks objected to Manager Ewing occupying a seat on the players' bench. Cal stood his ground, however, and saw his boys win out.

Joe Stapleton the official and popular scorer at San Francisco, has compiled a statement showing the complete batting averages of the players of the California League. Joe has been identified with the game in California from its infancy, and is one of the most accurate and popular scorers in the business. According to his figures Pace leads with an average of .311. Held leads the Oakland team with an average of .291. Hilderbrand has made 85 hits, leading in that respect. Devereaux leads in stolen bases with 42 to his credit, closely followed by McLaughlin with 41. The Friscos lead in team batting and Stockton is last.

Reliance Notes

The next boxing bout will be held on Thursday evening, November 1st. The program is one of the best ever arranged by the management. It consists of two ten-round contests and one fifteen-round contest.

The first bout will be between George Watson, the clever bantam weight of the South End Rowing Club, who knocked Mike Joyce out at the club some time ago, and Dick Martin of San Francisco, who fought a draw with Watson some months ago at the San Francisco Athletic Club. This team will meet at 118 pounds ringside.

The second team will be Charles Johnson of San Francisco, who figured in the double knockout at the club last May, and Jack Dean of the San Francisco Athletic Club. These boxers met last year before the Columbia of San Francisco and Johnson knocked Dean out in the last round of a ten-round contest; it was a very fast go. Dean had a shade the best of it and is very anxious to get another go at Johnson. They are both lightweights and will box at catch weights.

The third contest and main event which will be for fifteen rounds will bring together Tom Herman, who is called the Terry McGovern of the coast on account of the way he has knocked out all his opponents in a round or two, and Billy DeCourcey, the well-known boxer of Los Angeles, who has defeated every boxer he has been pitted against on the coast with the exception of Marty McCue. These boys will meet at 122 pounds ringside for the feather-weight championship of the coast. The winner will be matched with Tommy Cox, the champion of Australia. There will be no preliminaries and the goes will be run on promptly. The orchestra will be on hand with a lot of new selections.

Frank Freeman, Jr., returned from the North, where he has been playing and umpiring baseball games. He has gained considerable in weight and now weighs over 200 pounds.

James Creeley returned from New York last week. Jim is quite a crank on curios and brought a lot home with him for distribution among the boys at the club.

Handball has had quite a boom the last few weeks and the boys line up to get a chance in the court. The directors are making arrangements to have a new court constructed before long.

The gymnasium presents a very lively scene on class nights. Quite a number of the boys are exercising and are keeping the instructors busy.

The bowling alleys are always occupied at night, and some of the boys are bowling great games. The nights are much cooler and the members take to the game during the winter.

R. E. Elder won the solo championship of the club last week, having defeated P. J. Calogan and James H. Creeley. M. W. Jellett challenged him to a series of games.

West Oakland Club

West Oakland Club.

The last boxing night given by the club was the most successful one ever given by the club.

The next event of importance is a ladies' night to be given on Saturday evening, November 3. These affairs are always well attended, and the boys all look forward to a most enjoyable time.

The matchmakers are making arrangements for another boxing night to be given about the 14th of November ,and will put on as equally if not better card than last time.

Things in the gymnasium are brightening up a great deal, as both instructors are kept busy.

Two applicants were admitted to membership last week—B. Gilbert and W. C. Church.

J. Dolan, who fought Welsh at the last boxing night will be matched with another Oakland man at the next boxing night, and feels that he will make a better showing than last time, as that was his first appearance in the ring. He made a very good showing as it was.

The boys are taking a great interest in the card playing just at present, the most popular games being whist and crib, and it is the intention of the club to have regular tournaments hereafter in both these games.

Word has been received from F. Sicotte, who is in Cloverdale, that he will have to return to the hospital in San Francisco, and will visit the boys at the club quite often. He has the sympathy of all the members as he is one of the most popular members.

The boys of the yachting annex are overhauling their boats and expect to go on their first duck hunt about the first of the month.

The boys are expecting George Simpson to arrive during the week. They will give him a rousing reception and be glad of the opportunity.

Boxing.

Jim Corbett's return from England and his reconciliation with his wife was only a single-day newspaper sensation—that was all. Kid McCoy, it appears, has not been so fortunate with the partner of his joys and sorrows. She is pressing her suit for divorce and probably will get it. Efforts are being made to hush up both affairs by those who hope to restore boxing to New York next winter.

Billy Madden, manager for Gus Ruhlin, the "Akron Giant," has arranged a bout between his man and Peter Maher, but he can find no place for them to fight. One Athletic Club in Philadelphia has offered a guarantee purse of $4,000 for the men to battle for, or 60 per cent of the gross receipts, but as yet the usual $1,000 bond has not been put up.

Bicycling.

The California Associated Cyclists have revived the famous ten-mile handicap road race over the Fruitvale-Haywards course, and the event will be run on Sunday, October 28, at 10 a. m. Thomas G. Spillane, chairman of the racing committe, has secured a splendid prize list, and already a large number of entries are in. The entries close on October 22 at the Olympic Club, and should be addressed to Mr. Spillane.

The ten-mile course over which this race is to be run will be remeasured, commencing about a half a mile nearer Oakland, thus making the finish near the bridge this side of Haywards, where the road is wider and better suited to a finish in the town of Haywards.

X-RAY X-RAY X-RAY

The Knife and Drugs are no longer factors in the treatment of diseases. They belong to another age,and today the up-to-date practitioner who is scientifically advanced in X-RAY applications in connection with Static and Faradic Electricity is a master of his art. CONSUMPTION is no longer a dread disease. The Medical Faculty of Paris, France, has now fully endorsed the latest cure for tuberculosis as specific and we have been treating hundreds of cases successfully since the early part of this year. The treatment consists of transfusion of microbe destroying drugs by means of Static Electric Currents passed through the patient's chest and lungs. (See S. F. Chronicle, page 2, Sept. 3, 1900). CANCER—It is now an accepted fact and acknowledged among the profession, that Cancer is positively cured and absolutely eradicated by the application of the X RAY in combination with the above treatment. A trial will convince the most skeptical. We are curing at our Laboratory many cases daily.

MUSICIANS HAVE THEIR INNING.

Republican Committee Hears Arguments On Both Sides.

The Republican County Central Committee held a meeting last evening and discussed matters of importance to the party in this county. The Committeemen present were: Messrs. Murrison, Daniels, Hempstead, Wyckoff, Rowell, Pierce, Mock, Lanktree and Crowell.

Joseph Callaghan of the Musicians' Union appeared before the committee and explained the position of the Fifth Regiment Band in regard to the Musicians' Union, the question having come up at the last meeting. He said that there is a clause in the union's constitution stating that militia bands are not, for obvious reasons, desirable as members of trades unions. The speaker read communications from the Building Trades' Council and Alameda County Federation of Trades stating that the Fifth Regiment Band applied for admission to the union and was denied.

Although the question of belonging to the militia was not brought up at the conference with the Musicians' Union directors, Mr. Callaghan said that this would bar them.

Mr. McBain was then asked to say anything he desired. He said that at the conference of the directors of the Musicians' Union he was asked if his men were all militiamen, and on replying that they were, he was told they could not join. McBain was told that he as leader could join the union, but his men could not do so.

Some members of the committee asked both Mr. Callaghan and Mr. McBain if it be a fact that no militiamen could join the union, and they agreed that it was.

The matter was then discussed generally, and it developed that the San Jose band was anxious and ready to ally itself with the militia if the Oakland band withdrew and joined the union.

Mr. Callaghan said that he had advised the committee of the facts and that if they now know that if they employed musicians not members of the union, they were employing "scabs." Secretary Crowell asked Mr. Callaghan how men could be "scabs" who had applied for permission and who could not join. Callaghan replied that they could get out of the militia. Mr. Daniels said they could only get out by serving their time or moving out of the country.

After hearing both sides of the question the committee went into executive session, and after reviewing all evidence it was decided to alternate between the Fifth Regiment Band and the Musicians' Union.

REPLIES TO HIS SISTER'S CHARGES.

WEST OAKLAND, Oct 23—Editor Oakland Tribune: "In your paper under date of October 20th is an article headed, "He would see his sister die of starvation."

In her statement she says she is one of the best known evangelists in California. No one but herself has ever known or heard of that. She says that she was the founder of the Golden Gate Baptist church. This is not true. She says she had been refused assistance at my home by me. This is also untrue. She says I took her from a good home in San Francisco. I took her from the almshouse in San Francisco and brought her to my home, and we treated her kindly and did all we could to make her comfortable.

I called our family physician, Dr. J. Kastendieck, 1023 Post street, San Francisco, who attended her all the time she was in my house. We bought her such things as she needed. My wife nursed her, and prepared delicacies for her, and was very kind and attentive to her.

She says I wanted her to give me a power of attorney and make me her heir to property in Keokuk, Iowa.

The truth is she has no property in Keokuk or anywhere else. She has a suit pending in the courts in San Francisco for damages. Judge Cooney, Room 101 Phelan Building, is her attorney, and he has advanced her money from time to time and been very kind to her. I never asked her for a power of attorney. She has no property interests whatever, except what Judge Cooney has in charge.

She says I turned her out of doors. I did nothing of the kind. She left of her own free will. I was not at home when she left.

While she was in my house members of my family notice at times her queer actions and strange talk. There is no longer any doubt in my mind but that she is insane. I am creditably informed that she has been in the insane asylum in this State. Very truly yours,

W. C. GUIREY.

HE HAD NO USE FOR OAKLAND.

Harry Yumps, a Finn, will "yump" out of town at once. Harry had acquired a happy "jag" at 4 p. m. yesterday and was arrested. He had $81.85, a watch and some jewelry on his person. He sobered up towards midnight, deposited $6 bail, leaving him $75.85, and was released.

At 2:30 this morning he was brought in drunk again. The spree must have cost him $13.34, as he had only $62.61, but still held his watch and jewelry. He was released some time after daylight, on depositing another $6. He said the city might have his $12, as he was going to "yump the town."

SENATOR TAYLOR ON CHURCH EXEMPTION.

Secretary Finch, of the Church Tax Exemption Society, has received the following:

"I favor the adoption of the sixth amendment, because the property to be exempted is not that of a business enterprise, but that which is free to, enjoyed by and really belongs to the public, and because the church is not only a school, but a moral hospital.

Cordially yours,

E. K. TAYLOR.

WOMEN MUST SLEEP.

Avoid Nervous Prostration.

If you are dangerously sick what is the first duty of your physician? He quiets the nervous system, he deadens the pain, and you sleep well.

Friends ask, "what is the cause?" and the answer comes in pitying tones, nervous prostration. It came upon you so quietly in the beginning, that you were not alarmed, and when sleep deserted you night after night until your eyes fairly burned in the darkness, then you tossed in nervous agony praying for sleep.

MRS. A. HARTLEY.

You ought to have known that when you ceased to be regular in your courses, and you grew irritable without cause, that there was serious trouble somewhere.

You ought to know that indigestion, exhaustion, womb displacements, fainting, dizziness, headache, and backache send the nerves wild with affright, and you cannot sleep.

Mrs. Hartley, of 221 W. Congress St., Chicago, Ill., whose portrait we publish, suffered all these agonies, and was entirely cured by Lydia E. Pinkham's Vegetable Compound: her case should be a warning to others, and her cure carry conviction to the minds of every suffering woman of the unfailing efficiency of Lydia E. Pinkham's Vegetable Compound.

WEDNESDAY.....OCTOBER 24, 1900.

Bryan has been paying a visit to Washington. He doubtless wanted to take another good look at the White House so as to invigorate himself for the last two weeks of the campaign.

A San Francisco paper publishes an account of how a woman at Nome sold doughnuts for 25 cents each. That wasn't so much, when it is considered that the buyer got a "hole" meal.

Foreign scientists are still undecided as to whether Count Zeppelin's airship will really fly. The great difficulty appears to be in finding some one who will risk his life, liberty and happiness by giving it a practical test.

Peru is said to be looking around for a chance to invest in a gunboat. Judging by the character of the war vessels that nation has in commission, it would be well for any one having a gasoline launch for sale to communicate with the Peruvian authorities at once.

The Turkish Consul at New York has petitioned the Sultan for an increase of salary or in lieu thereof, permission to add to his income by doing newspaper work. The Sublime Porte might just as well put him on the payroll for a million or so per annum anyhow, for it never pays anything in cash, as witness our little outstanding bill for $100,000.

THE COLORED VOTE.

The Democrats seem to have taken particular exception to the Republican claim that the colored vote will be cast for McKinley and prosperity, but their arguments in opposition are weak and fall lamentably short when put to the test. There is a prevailing disposition in some quarters to accord the once "Solid South" to the Democracy as a matter of course, but the headway the Republicans have made in that section of late years, notably in the case of Virginia, shows that the political conditions down there are rapidly changing.

The colored vote should be cast for the Republican party as a natural result of events passing and past. There is no occasion to rehash the story of slavery days and show how the Republican party struck the fetters from the black man's hands and the shackles from his feet, for history records all that credit beyond any question. Since that time, too, the Republican party has stood steadfastly the friend and supporter of the colored man, while as against this the Democracy has continued his natural oppressor, as witness the recent disfranchisement of the race in the Carolinas. That circumstance alone should give reason enough to the colored citizen as to which side of the present political contest he should be enlisted on, for he cannot hesitate when it is a plain case of a friend against a foe.

Outside of these special race reasons the colored man will cast his vote for a continuance of the present Administration because he is intelligent, awake to his opportunities and a participant in the general prosperity of the country. The cry of anti-militarism will fall deaf upon his ears, for he will feel like enthusiastically endorsing the deeds of the gallant colored soldiers who stormed San Juan Hill and who have since distinguished themselves so nobly in the Philippines. The colored man understands the issues of the day and is prepared to meet them. He has had to suffer when in the days of Democratic rule depression was rampant and the spectres of business failure and commercial distrust stalked through the land, and he has joined in the general rejoicing that has accompanied the prosperous administration of McKinley. He can discriminate for himself upon which side his bread is buttered, and among the countless thousands of votes that will be cast for McKinley a week from next Tuesday it is safe to say that none will be more willingly given than those of the progressive and sagacious Afro-Americans.

A COMMERCIAL ENTERPRISE.

The organization of the Pacific Commercial Museum at last assures an enterprise that is bound to be fruitful in its effects upon California's commerce. The lines upon which it is framed, the well known ability of those in charge of its affairs and the willing response that has been made by mercantile interests to the preliminary appeals in its behalf all bespeak for it a most thorough success.

Now that the enterprise has been launched there is work for us all to do. The gentlemen who have contributed their time, money and energy to make it possible must not be expected to bear the entire burden continuously, and the aid of every one who can help the project along in any way should be freely extended. Especially is this true of our merchants and commercial men generally, for, as they are to be directly benefited by the results, they should not hesitate to do their share towards its support.

If the anticipations in connection with the enterprise are realized it will bring about a culmination of the hopes that have been entertained so long by those who have seen the opportunities by which we are surrounded. To many the name of museum is misleading in that it conveys merely the idea of a collection of objects of interest, whereas in the present case such a status is only an incident of the affair. The principal work that the organization expects to do is to build up a trade between California and outlying ports and foreign countries, especially so as regards the lands washed by the Pacific and those of the South American continent. Agents will be sent abroad and the services of our Consuls enlisted in the task of ascertaining just what markets we can obtain for our products and where we can best and most cheaply purchase the articles we need for domestic and trade consumption. Practical illustration will be given and convincing proof offered in this regard, and it is believed these object lessons will have the effect of stimulating our commerce and bringing us in touch with our opportunities.

If the museum prove successful it will be far-reaching in its benefits. Its location in San Francisco ensures the centering at this port for all time of the great traffic of the Western main, for the work of its missionaries both at home and abroad will naturally be mainly in advocacy of this particular place. The whole Coast, though, will share in the outcome, for the upbuilding of any one section of the State cannot but be attended by advancement for all of it. The Pacific Commercial Museum will play a leading part in our destiny if it is encouraged and fostered in the proper manner, and the Oakland Chamber of Commerce and Alameda County Board of Trade should not hesitate to lend a helping hand whenever and wherever the occasion offers.

MR. LOUD'S RE-ELECTION ASSURED.

Hon. Eugene F. Loud, who has represented the Fifth District in Congress since 1890, seems certain of re-election. In point of service he is the oldest Pacific Coast member of the Lower House, and is therefore advantageously placed on all the working committees, being chairman of the Post-office Committee, which is one of the five leading committees of the House. He is in a position to be of great service to the whole State, which causes a decided interest to be taken in his re-election by residents of other districts. His industry and capacity have proved him to be one of the most useful members of Congress. He is a prominent member of that comparatively small element known as "working members" who shape the legislation of the Nation. His record has shown him to be a safe man with sound ideas on public questions.

It is gratifying for a variety of reasons that Mr. Loud's re-election is practically assured. It would be a positive discouragement if so capable and faithful a representative as Mr. Loud were set aside to make room for a new and untried man. At this juncture his defeat would be a great blow to the Republican party and something like a calamity to the State. California needs Mr. Loud in Congress and the National Administration requires his support in upholding those policies which make for the prosperity of our country and the permanence of our institutions.

During his five terms in Congress Mr. Loud has steadily developed as a legislator and has constantly risen in the estimation of his associates at Washington. He has acquired a powerful influence through the possession of the solid qualities which always command respect. He has strength of character and independence of mind, which, coupled with an industrious discharge of his duties, combine to make him a valuable representative. The Fifth District is to be congratulated in having so strong a man to represent it in the National Legislature, and also upon the sound discretion which keeps him there.

REALISM VERSUS THEORY.

The paramount issues of this campaign are theories against conditions. It is practical and evident prosperity warred upon by promises and unsecured pledges. It is the political office-seeker battling against tried and trusted statesmanship. Four years ago Bryan prescribed free silver as a panacea for the ills under which the country labored as a result of four years of Democratic misrule and maladministration. He said that it was the only remedy that would restore prosperity and bring about the happy conditions which had existed from the time of the surrender of Lee to the inauguration of Cleveland. But free silver was repudiated and no sooner had the McKinley administration been installed in office than confidence was restored, a general revival took place in our industrial avenues, our trade developed, commerce expanded and labor was sought.

This result following so quickly upon the dethronement of the Democracy and the repudiation of free silver left Bryan's issue of four years ago flat on its back. He now admits that it does not possess the importance that it did in 1896, and as this country has not been crucified on a cross of gold as he predicted it would be, he has relegated the sole and only issue of his previous campaign to a secondary place. Now, however, through lack of any other excuse for his right to the suffrages of the American people, he has resurrected several bogies which are similar hallucinations to those indulged in by the antagonists of Abraham Lincoln. Bryan has clad McKinley in imperial robes and a petty army of 65,000 men he has magnified into Caesarian cohorts and under this picture of his political imagination he has written "Militarism and Imperialism." This young and verdant political Sancho Panza then hands out unindorsed promises to stifle the trusts and overthrow wealth, forgetting that such power does not abide within presidential authority under our Constitution. Furthermore, as a last appeal, he promises to cheapen the price of products and increase the rate of wages, a proposition that on its face does not bear the imprints of reason. As a political promiser the Democratic candidate has few if any equals. As it is patent, though, to every thinking citizen that he is offering to replace something with nothing, and as in any event he cannot secure for the people a prosperity greater than they are now enjoying, it is not possible that any serious attention will be paid to his vaporings.

Slightly Absent-Minded.

Anthony Hope has the reputation of possessing a modest personality. He says that he dislikes to talk of his work; he deprecates the success of "The Prisoner of Zenda; he says that he deplores the fact that he attempted a sequel. He said at a Philadelphia table: "Awfully good of the public to buy so many copies of 'The Prisoner.' I'm very glad they like it." And he said it in a manly, sincere way.

But he made a remark when he was a guest of the Contemporary Club in Philadelphia that gave the appearance of conceit to those who didn't know him.

There was a great crowd at the reception, and hundreds of people were presented and shook hands with the good-looking young Englishman. A woman well-known in society determined when she was presented to him to say something that would have no reference to anything he has written.

She wished to be original. She thought he must be tired of having to talk so much of his books. So she said: "I know that right hand of yours must be very weary, Mr. Hope; you must be tired of this personal contact with America."

"So very glad you like my books," he murmured with a soulful glance into her eyes. "Very, very kind of you, I'm sure;" and he extended his right hand to the next guest.—Saturday Evening Post.

The Street Piano.

The peripatetic musicians who push the piano organs through the streets must have a very poor opinion of human nature. They cannot love those who refuse to contribute, and they must have a supreme contempt for people who are willing to pay for the kind of music that is dealt out to them.—Boston Transcript.

EXCHANGES.

Does any one for a minute think that Congressman Metcalf has lost any of his popularity in this district? If he does, read the following account of the grand reception he was accorded in Vallejo a few nights ago:

"After a patriotic air by the band, Mr. Hathaway happily introduced the speaker of the evening as 'an old friend.' As the popular representative advanced to the front of the platform, the audience warmly applauded him. An enthusiastic son of toil sprang to his feet and called for 'Three cheers for Mr. Metcalf.' That was the signal for the climax. The ringing hurrahs were kept up for several moments, showing what a hold Mr. Metcalf has on the affections of our people. He was deeply affected by the demonstration, and for a moment could hardly control his voice."—Woodland Mail.

There is no doubt that private enterprise will find an electric railway connecting the waterfront and main lines of railroad, near Concord, with the City of Oakland, a paying investment. The attention of interested capitalists has been called to the matter, and they are now giving the matter serious consideration and investigation.—Concord Transcript.

A vote for Concord is a vote for the tunnel and an electric railway connecting Oakland with the new county seat.—Concord Transcript.

The fact that Oakland proposes to work for her own interests, by assisting Concord in her efforts to become the future county seat of Contra Costa County, doesn't exactly meet with the approbation of the Martinez harpies. Well, nobody expected that it would. However, it might be a good plan for one of them to study arithmetic daily, and the other geography once in a while, and both of them the art of forming the habit of veracity all the time.—Concord Transcript.

The Supreme Court has just decided in a Los Angeles case that the Vrooman Act is constitutional. The action at bar was for the recovery of a street assessment made on the front-foot plan. There were other contentions in the case made by the defendants, and the decision is a very lengthy one. The portion of the decision on the point involving the front-foot plan of assessment is as follows:

"The contention that the street improvement act is unconstitutional in that it makes an arbitrary apportionment of the expense according to the frontage of the lots, and does not require that the assessment upon each lot shall be made in proportion to the benefits received by that lot, cannot be maintained."

The effect of the decision will not be to put a stop to any of the cases now before the courts, because in most of them some other contention is also made.—Stockton Mail.

The time is fast approaching when we must make our choice for Congressional Representative for this district. Shall we by our apathy allow a small vote to be cast for the man who has stood as our friend in the halls of Congress, and who has ever been alert to our best interests, or shall we bestir ourselves and roll up a splendid majority for Mr. Metcalf?

It should be a pleasure for any of us to work for such a man, standing as he does the peer of any one who graces our National Congress intellectually, besides being a clean, straightforward, painstaking, Christian gentleman, peerless to a fault in personal affairs, but a stickler for the rights of his constituents.—Lovin Independent.

Out of the Mouths of Babes

A little 4-year-old miss wanted a fan, but could not remember the name of it, so she said: "Mamma, where's the thing you brush the warm away with?"

Teacher—"Now, Johnny, suppose you had $2,000 and wanted to buy a brick house worth $10,000 what would you do?"
Johnny—"Why, I suppose I'd have to marry a girl worth $8,000."

"Tommy," said his uncle, "can you tell me why the enemies of poor St. Sebastian shot him full of arrows?"
"I reckon 'twas 'cause they didn't have no guns," replied Tommy.

Little Edith had been to church for the first time and on her return her grandma asked her how she liked it. "I didn't like the organ very well," was the reply. "Why not?" asked the old lady. "'Cause," answered Edith "there wasn't any monkey with it."

The teacher was trying to communicate to the juvenile class an idea of faith, and to better illustrate it she held up an apple and said:
"If I were to tell you there are no seeds in this apple you would believe me without further proof, would you not?"
"Yes, ma'am," answerd the class in chorus.
"Well, that is faith," said the teacher.
The next day, in order to test their recollection of the lesson, she asked:
"Who can tell me what faith is?"
"I can," promptly answered a small urchin. "It's an apple what ain't got no seeds in."

Teacher—"Who was William the Conqueror, Tommy?"
Tommy—"I'll tell you after the 5th of November, teacher."

RHEUMATISM

If a woman is physically miserable and mentally unhappy, the child she bears will, in face and form, as well as in disposition, reflect her own condition. Every woman who anticipates motherhood ought to think of this and be a fairy godmother to her own child, endowing it with health, beauty, and a happy disposition.

The mental misery of the prospective mother is in general the result of her physical condition. She is nervous, her appetite fails, she cannot sleep. Restore her appetite, quiet her nerves and give her sleep and she becomes a new woman.

"It has made a new woman of me," is the constant testimony of women who have used Dr. Pierce's Favorite Prescription. It tranquilizes the nerves, encourages the appetite and induces refreshing sleep. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

"During the first month when I looked forward to maternity, I could not keep anything on my stomach," writes Mrs. H. C. Anderson, of South Britain, New Haven Co., Conn. "Was so weak that I went to bed on the 28th of June and never got up till the first of August. I tried different doctors, but with little benefit. I read about many being helped by using your medicine, so I thought I would give it a trial. I began to take your 'Favorite Prescription' in November, and I had a nice little baby girl in February following. My baby weighed over eight pounds. I was only ill for about one hour, and got along nicely during confinement. Was up and dressed on the eighth day. I never had the doctor with me at all, just the nurse and one or two friends. My friends thought I was sick a very short time. This makes my second child. With the first one I did not take 'Favorite Prescription.' The little one lived just about two months and she was sick all the time. This last baby is as plump and healthy as any mother could wish."

SAYS M. A. HANNA OFFERED $100,000

False Story Circulated By an Oakland Man Denied By the Leader.

A dispatch from Chicago has the following to say about an Oakland man:

"Charles E. Towne, according to advices received at the Republican headquarters from California, has been saying that Senator Hanna offered him $100,000 and a seat in the United States Senate from Minnesota to remain in the Republican ranks in 1896. W. V. Stafford of 914 Kirkham street, Oakland, Cal., has said that Mr. Towne made this statement to him in the presence of M. F. Tarpey, chairman of the Democratic State Central Committee of California, on September 24, 1900, and has been sworn to it.

"When Mr. Stafford's affidavit was shown to Senator Hanna he said: 'I do not remember of ever having seen or spoken to C. E. Towne in my life, and I certainly never made any such offer as he claims.' The statement is merely one more falsehood of the kind which is being manufactured in this campaign.'

"Mr. Stafford's affidavit follows:

"'State of California, County of Fresno. W. V. Stafford, being duly sworn, deposes and says that he resides at 914 Kirkham street, Oakland, Cal., and that on the 24th day of September, 1900, Charles A. Towne, during a tour through the State of California, making public addresses in the interest of W. J. Bryan, Democratic candidate for President, while traveling between Oakland and Fresno, did make to me a positive statement that Senator Mark Hanna did offer to him as an inducement to stay in the ranks of the Republican party one hundred thousand dollars ($100,000) and a seat in the United States Senate from the State of Minnesota. This statement was made to me personally, in the presence and hearing of M. F. Tarpey, chairman of the State Central Committee of the Democratic party of California.

"'W. V. STAFFORD.'

"'Subscribed and sworn to before me this 12th day of October, one thousand and nine hundred, and I hereby certify that W. V. Stafford is personally known to me to be the person whose name is subscribed to this instrument and that he is a creditable person and worthy of belief.

"'S. L. Hogue,

The friends of both contracting parties join in congratulating them over their prospective marriage.

STRUCK IT RICH

When They Needed It Bad.

"When a two months' old baby refuses to nurse and cannot digest any of the 'baby foods' or cow's milk prepared in different ways, we must do something or lose the baby. That was the condition of our little one about a year and a half ago.

"We tried every baby food on the market, beside the cow's milk, but nothing seemed to agree with him. He suffered from indigestion, until by the time he was nine months old, he had grown so weak and emaciated that we didn't think he could live. At last his stomach refused to take anything, and for three days the little fellow was actually starving for something he could digest.

"I happened to have a box of Grape-Nuts in the house and getting a teaspoonful, poured a little hot water over it, letting the food stand a few minutes, then gave the baby the brown water which had the strength of the Grape-Nuts in it. He could take but two spoonfuls at a time and then rest a while

"His stomach retained the food and after one day's use of the Grape-Nuts in this way, his bowels were right, for the first time in six months. I continued to feed him the water from the Grape-Nuts and a little cream and later on the softened food itself and he steadily improved, his little body and limbs beginning to get round and plump, and by the time he was a year old he was as large again as when nine months old. At 15 months, he weighed 23 pounds, and now at 18 months, he is a great, fat, jolly baby, climbing and going everywhere, full of fun, rosy cheeks, and bright eyes.

"During all this time his food has been Grape-Nuts, just the water at first, then later on he had the food itself. He is the best advertisement Grape-Nuts could have in this town, for every one knew his condition and no one thought he could possibly live. We give all the praise to this most valuable food, and never lose an opportunity to recommend it to persons suffering from indigestion and lack of nourishment." Mrs. C. D. Johnston, Greenfield, Ind.

Actual proof is better than all theory, yet it is well to know that Grape-Nuts food is made scientifically and made for a purpose. The most powerful elements in wheat and barley are used and so prepared as to furnish the human body with those food elements, predigested in a natural manner; that is, turned from starch to grape sugar.

The food is powerful enough for athletes and easy enough for digestion (as shown by the above experience) for the weakest babe.

NO LIGHT FOR LIVERMORE.

Attachments Cause the Light Man to Go Out of Business.

LIVERMORE, Oct. 24.—The affairs of the electric lighting concern owned or managed by P. H. Meyers, which has the contract for lighting this city are fast approaching a crisis. For three nights this place has been without street lights, caused by a variety of circumstances. Meyers to get a carload of coal for of Meryers to get a carload of coal for the works owing to attachment for debt.

Meyers some time ago established what was known as the Livermore Gas Light Company. When the Livermore Water and Power Company entered the field, Meyer under bid the concern and was awarded the contract for lighting the town. He established an electric lighting plant on the ground occupied by the Livermore Gas Light Company. W. V. Mendenhall, who had granted the property to Meyers with the condition that it should be used only for gas works purposes, considered the erection of an electric plant as a violation of the grant and brought suit to have the conveyance set aside. Besides this, Meyers is laboring under a number of attachments which it is said he cannot satisfy, and there is danger that the town as a consequence must go dark for a time.

ALAMEDA FIGHTS DAMAGE CASE.

Senator L. K. Taylor, representing the city of Alameda in the second suit filed against the municipality by Marital Davoust for $50 000 damages for the death of his wife, has filed a demurrer to the complaint.

The point is made that the claim is now barred by the statutes and also that the complaint is uncertain by reason of the fact that it does not segregate what part of the damages is demanded by Davoust for the loss of his wife and what part of the amount he claims for the mental anguish he alleges he suffered.

Mrs. Davoust was killed by a live electric wire connected with the Alameda municipal light plant.

DID NOT SQUEEZE ALAMEDA LADY.

The Chicago Clock Company has filed a general denial of the allegations of Mrs. Annie Frank of Alameda who is suing the corporation for damages, claiming that one of its servants squeezed her behind a door. The company denies that any of its agents did such a rude act.

The Teachers' Club was entertained yesterday afternoon by Mrs G. W. Percy of 318 Boulevard Terrace. Mrs. Percy has an interesting collection of copies of pictures of the Madonna, which were inspected and commented upon by the teachers present. Miss Lombard of Berkeley read a paper on "Pictures of the Madonna." Mrs. Percy's talk describing the way in which she became interested in the subject of her collection was interesting.

NEW YORK WAY OF MAKING A CAMPAIGN.

The New Yorkers have a new way of making a campaign. Instead of booming McKinley and Roosevelt on banners stretched across Wall street, the Republicans simply take excerpts from Bryan's speeches and place them on banners. It is said that this is an effective way of making people understand Bryan's false claims regarding the money question.

PLEASANTON, Oct. 24.—A fair is projected in Pleasanton for the purpose of building a parsonage for the pastor of the Catholic church at that place. The first resident incumbent of the parsonage will be Rev. Father McNabor, who is now in charge of the church, but who resides at Mission San Jose. For a number of years past, the church at Pleasanton has been served by the pastor and the curate of Mission San Jose. The same is true of Niles. The city has acquired a great deal of effort because Pleasanton and the Mission are separated by many miles. Under the new arrangement Father McNabor will be located in Pleasanton while the Mission will have as pastor the present curate, Rev. Father Sousa, who will also attend to the spiritual needs of the Catholics of Niles.

NEWS NOTES FROM IRVINGTON.

Interesting Items Gathered in Washington Township.

IRVINGTON, Oct. 24.—Eugene Babb visited relations in town Wednesday and Thursday, returning to Stanford on Friday.

Our winter seems to have commenced in earnest, and farmers are wondering whether so much rain at this time of year means a wet season all through, or a dry spring. They would much rather have had the rain in another month.

Mrs. Brewer had a very bad turn on Wednesday night, and Dr. Nellis was called into counsel with Drs. Chalmers and Walshe. It was thought at one time she could not survive many hours, but at present writing she is somewhat better. Her son, Clay Brewer, who has been employed at the Alvarado Sugar Mill, was sent for during the night, and her son, Morris, and wife are in constant attendance. It is not thought she can possibly survive many days.

N. L. Babb has leased his farm to a Portuguese who has taken possession.

John Coffeney and A. C. Vandervoort of Pleasanton were calling on old friends in town on Tuesday.

Miss Georgia Black has been very ill, but is improving during the past few days. Mrs Edna Johns is assisting her.

Henry May, Democratic candidate for Assemblyman in the Forty-sixth District, was in town Friday calling on his many friends in both parties. Our streets are kept quite warm by political pleasants these days.

The many hunters at Irvington report ducks as being very scarce on the marsh, but judging by their appearance when they return one would conclude that mud is plentiful.

There was a grand wedding in town Sunday. Miss Lilly Heinsch was wedded to Mr. Henry Wellhelmer. The presents were very numerous and costly. Their home will be in Mountain View when they return from their bridal trip. The bride's dress was white silk organdie over heavy white satin. She wore a bridal veil and orange blossoms.

Mr Crowell has been confined to the house for the past few days with a severe cold

Rheumatism is quite prevalent, many being unable to perform their usual vocations on account of this troublesome disease. Mrs Montross has a very lame ankle which causes her to limp somewhat, and Mrs Blacow's right arm is useless and causes her great pain.

Road Overseer Miller is graveling San Jose avenue. The streets of our town have been greatly improved in the past two years by grading and graveling.

Every day our streets are enlivened by the students of Anderson's Academy on horseback. This popular school for boys furnishes horses for its young gentlemen to ride. Several of them also have bicycles.

Mr. Van Valkenberg of Hanford, Kings county, visited friends in Irvington on Monday and Tuesday. She is one of the representatives from Hanford to the Grand Lodge, Order Eastern Star, which was in session in San Jose this week. Mrs. E. A. Babb took her to San Jose on Tuesday with her horse and carriage.

Miss Rose Hinckley went to San Francisco Friday and returned on Saturday.

C. E. Babb of Berkeley, accompanied by his mother, visited relatives in town Sunday.

Miss Beesie Rockwell of San Francisco visited Miss Fannie Cash Saturday and Sunday.

Letters from Mrs. James Smith in Washington State report her as having had a delightful trip also of her safe arrival at her daughter's, Mrs Wm. McCullough's home.

Rev. J. H. McCullough is delivering a course of Bible lectures every Monday evening, which are both entertaining and instructive. They are, as they should be, well attended.

The grapes that were not gathered before the storm on Thursday and Friday will be materially injured.

Miss Alice Vandervoort of Alvarado visited friends in Irvington on Thursday.

FRUITVALE

FRUITVALE, Oct 23—The Odd Fellows and their friends met last night in Masonic Hall where a smoker, followed by a stag dance was enjoyed.

CHAS. ROETH SAYS HE IS STILL A GOOD REPUBLICAN

At the meeting of the Piedmont Republican Club last evening resolutions were passed condemning Supervisor Charles Roeth.

Mr. Roeth when shown the resolutions this morning by a TRIBUNE man, only smiled and said.

"I am still a good Republican."

"The resolutions are as follows:

"Whereas, The Republican party is undergoing a searching examination before the critical gaze of the American people, its administration of public affairs is being assailed with falsehood, slander and equivocation by able delineators who are extravagant and relentless in their efforts of castigation and vituperation; and

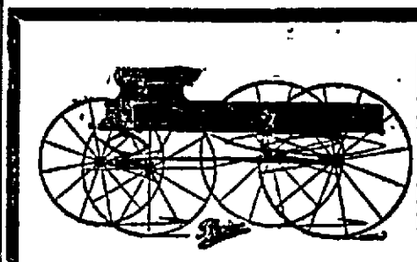

"Whereas, A chain is no stronger than its weakest link, neither is a party stronger than the united loyalty of its individual members make it; and,

"Whereas, Charles Roeth, the present incumbent of the Fourth Supervisorial district, did present himself at the last primary election for the people to nominate him to stand for election, and notwithstanding his desire to be nominated, the people of the Fourth district refused to recognize his right to a renomination; be it therefore

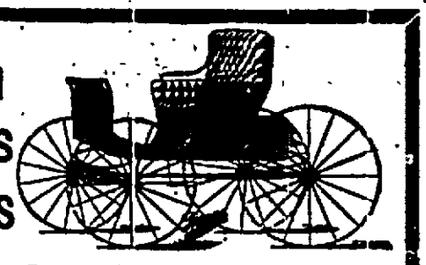

"Resolved, That we consider Charles Roeth a traitor to the Republican party and that any Republican who shall vote for him is also a traitor and unworthy of fellowship in the grand old party."

REPUBLICANS RALLY IN LORIN.

Students Will Debate Like the U. S. Senators.

BERKELEY, Oct. 24.—There was a big political rally in South Berkeley last night.

Prominent Republicans made eloquent speeches at Lorin Hall to an audience of 60 people. The addresses were by explanations of Republican doctrine, and the local candidates who appeared received hearty and enthusiastic welcome from the unusually large attendance. Charles H. Huston, president of the club, was chairman of the meeting. A. P. Van Duzer of San Pablo, also was introduced, and he entertained the audience for an hour with a lively discussion upon national issues. He said that the Republican party did not propose to run away from its boundless duty in the Philippine Islands, China or any other place in the world where the American flag was attacked and American citizens assailed.

"If Admiral Dewey had brought his battleships home instead of making the glorious fight that he did, what would these Bryanites have said of him?" inquired Van Duzer.

Supervisor John Mitchell, who is a candidate for reelection, was given an enthusiastic reception, as were David P. McWade, candidate for the Legislature from the Forty-fourth Assembly District, and Justice Robert Edgar of Berkeley.

STUDENT'S FUNERAL

The funeral of Miss Edna McFarland took place at 2 o'clock yesterday afternoon from the residence of Rev. and Mrs. Wolfe on Regent street. The deceased had been attending Mills College and died suddenly. The death of the young girl is particularly sad, as her mother, Mrs. J. A. McFarland, a missionary to the Indians, is now in Alaska and in ignorance of her daughter's death. The funeral was attended by many school friends and teachers of Mills College, and floral emblems were numerous. The services were conducted by Rev. Mr. Wolfe, a former missionary to Alaska, in which country the deceased was born. The interment was in Mountain View Cemetery.

METCALF IN ALAMEDA.

Congressman Victor H. Metcalf will make his first appearance here since his nomination for re-election at a big Republican meeting to be held at the West End next Thursday night. The rally will be held in the old wigwam in Neptune gardens. A band has been secured to furnish music and there will be bonfires and no lack of enthusiasm, as the West Enders are working hard for the success of the demonstration. Judge A. B. Hunt will be one of the speakers. Tomorrow evening a meeting of the advisory committee of the Alameda Republican Club will be held at the headquarters on Park street.

GIVEN A PARTY.

Miss Bessie Hardman of 2024 Pacific avenue was given a surprise party Saturday evening at her home. Several hours were merrily passed in dancing and other social pastimes. Among those present were: Misses Kittie Gleason, Lulu Shapter, Ethel Sudenburg, Alma Koordt, Bessie Burns, Carrie Deane, Nina Roth, Georgia Houston, Mamie Koordt, Nora Lyons, Blanche McCarter, Bessie Hardman, Ruby Foprant, Ella Russell, Belle O'Brien, Lily Foprant, Edwin Duggan, Foster Dwyer Donald Stewart, William Mangan, Robert Rogers, Frank Sullivan, Oscar Bryn, Walter Galivan, Randolph Wilson, James Welch, Frank Williams, Edwin Keone, Charlie Heise, Frank McGovern, Fred Corcoran, Edward Shaper, James Thomas, Frank Bryn and Thomas Gilroy.

STRONG ATTRACTION FOR MACJONOUGH.

The great Chinese-American play, "King of the Opium Ring," which was one of last season's sensational successes in New York, begins an engagement of two nights at the Macdonough Friday evening. The action of the piece takes place in San Francisco, so it will have a special interest to local theater goers. The scenery is elaborate and beautiful. The first act shows San Francisco Bay and the Golden Gate in the distance. The second act is a realistic reproduction of Chinese life underground. There is some weird and typical Oriental music in the play, and the plot is highly interesting. Several native Chinese are in the cast and add greatly to the realism of the performance. The play has received high praise wherever it has been produced, and will doubtless draw well here.

LARGE AUDIENCES PACK THE DEWEY.

Another big audience crowded the Dewey last night to see the splendid production of "A Tale of Two Cities." The play has caught the patrons of this theater as no other production has done since the great run of "Quo Vadis," and the enthusiasm of the audience spurs the company on to do its best. A feature of the production is the magnificent scenery, which was especially painted for this play. The action of the piece is always strong and many of the situations and climaxes are thrilling in the extreme. The Dewey will be packed all the week, judging by the great demand for seats in advance.

NO MONEY IN THE FUNDS.

At the meeting of the Police and Fire Commissioners this morning the matter of sites and engine houses in Golden Gate and Alden districts was discussed in an informal manner.

The Mayor said the ordinance appropriating $2,400 for the erection of the engine houses was on his desk, but as yet remained unsigned, as he was not informed as to where the money was to be obtained. The ordinance appropriated the money from the fire fund, but as the cost of houses are not included in the estimate and that fund is already short about $10,000, he desired further information before signing.

PARDEE CASE IS AGAIN POSTPONED.

As Attorney M. C. Chapman, counsel for Fire Horse and his sister in the Pardee investigation, is a partner of Frederick C. Clift, there was no session of the Police Commission last night, owing to the death of Mr. Clift's father. The hearing will be resumed Friday night at 7:30 o'clock.

Glorious News.

Comes from Dr. D. R. Cargile of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by Osgood Bros., Druggists, cor. Seventh and Broadway. Guaranteed.

MANY VISITORS ARE COMING.

Merchants' Exchange Will Be Interested in Legislation.

The directors of the Merchants' Exchange held an interesting meeting last evening.

A communication from J. M. Sullivan, secretary of the Retail Grocers' Association of San Francisco, was read, notifying the Exchange of the appointment of a committee consisting of President Albert, Vice President Eugene McCoy, Secretary J. M. Sullivan and Directors Claus Wreden and T. H. Corcoran to cooperate with the Exchange in certain matters of legislation which may come before the next Legislature.

A. N. Powers Jr., editor of the Retail Grocers' Advocate, addressed the Exchange upon the advantage of organization and combination in order to be effective. He outlined the plan of cooperation with the Grocers Advocate as a means of communication and suggested that a conference be held by representatives of the retail merchants of Sacramento, Stockton, Fresno, Oakland and San Francisco with a view to organizing a State Retail Grocers Association. Mr. Powers said that his paper now reached 2000 persons or more. He stated the settlements of securing legislation under present conditions. If the merchants want to have any influence they should organize and exert it in securing the election of proper men to office.

Mr. Powers suggested as desirable a change in the laws so as to make the separate property of a wife liable for goods consumed by the family where she is living with her husband, allowing the garnishment of the wages of a city or county employe, a law to prevent dishonest assignment of wages to defraud a creditor, a law to prevent dishonest advertising, such as advertising a certain brand at a low figure and substituting another article, also proper executive authority to secure a uniform enforcement of the pure food law. In San Francisco 10 per cent of the grocers maintain bureaus with certain interests which require special protection. The speaker said that it would be wise for the members of the local committee to interview the legislative candidates in advance of the election upon measures which would be advocated. He also thought that it would be well to have a conference between the San Francisco and Oakland committees.

Wilbur Walker said that the Oakland Exchange committee consisted of Messrs. Bonst, Gard, Coward, Muhr and Walker. He read extracts from a San Francisco paper showing the citation of a certain member of the Legislature and chairman of an important committee at the last session, because of non-payment of debts to which judgment had been obtained.

Mr. Walker favored a combination of effort in behalf of suitable legislation, and it was arranged to have a meeting with the San Francisco committee next Monday evening at 327 Battery street.

A communication was read from the Concord (Contra Costa county) Court House Committee relative to means of forwarding the interests of that section. It was referred to the 21 per committee.

R. M. Briare read a statement that the prospects were good for a big influx of Eastern tourists this coming season. There is to be a meeting of 50 or 60 railroad passenger agents on the coast before long, when the Epworth League convention will bring out a big crowd next year. It is calculated that at least 1000 tourists are to visit the State this coming winter. Mr. Briare said that these visitors should have something put into their hands presenting the advantages of Oakland. He told of some of the advantages that occurred from including tourists to visit this city. Mr. Briare moved the appointment of a committee of three to investigate and report upon the preparation of a suitable publication presenting the charms and advantages of Oakland.

The suggestions of Mr. Briare were endorsed by Secretary Walker. He believed however, that the literary work and mechanical work should be done in Oakland. The motion was carried.

The chair appointed on the committee R. M. Briare, J. L. Champlin and Theodore Gier.

Acknowledgment was received from the Associated Kindergartens of Oakland of the $50 appropriated in the way of memberships for President Sinclair and Vice President Schst.

Secretary Walker, at the request of J. F. W. Schst, read a couple of extracts from editorials in San Francisco papers favoring the proposition of a consolidation of the cities on the bay into the Greater San Francisco.

Mr. Schst, commenting upon the same, said that he had no further suggestions to make, but believed that it would be well to let the subject be agitated. As the physician says when prescribing medicine, let it be well shaken before being taken." What is wanted is a law to permit the proposition to vote on the matter and then they could decide the matter for themselves.

The members present were J. F. W. Schst, A. H. Schlueter, H. Muhr, P. M. Farwell, H. C. Coward, J. L. Champlin, Herman Gard, R. M. Briare, President Sinclair and Secretary Walker.

PACIFIC MAIL STORY A FAKE.

NEW YORK, Oct. 24.—The Evening Post today says:

"No credit was given in the best informed circles today to the report that the control of the Pacific Mail Steamship Company had passed out of the Huntington and Southern Pacific interests to Harriman, who, it is asserted, is in conjunction with the Vanderbilt interests.

Edward Hawley, a director of the Southern Pacific and the Pacific Mail, who it was suggested would be the new president of the Pacific Mail, said there was no truth in the story. Representatives of both companies were positive in their denials that there was any truth in the report.

BUMPED SHOULDER AGAINST THE DOOR.

Mrs. L. Smith of 2244 Magnolia street bumped her right shoulder against a door casing several days ago but did not know that she had injured it until last night, when it began to give her great pain. She went to the Receiving Hospital where Steward Borcher treated her for a badly contused wound of the shoulder.

Prayer Chain Against M'Kinley Disclaimed By the Union.

Associated Press Dispatches by The Tribune's Special Leased Wire.

SAN JOSE, Cal., Oct. 24.—The entire session of the Woman's Christian Temperance Union State Convention here this forenoon was devoted to the election of State officers. The only contests were for the offices of president and second vice president. Mrs. Ida Sturtevant Peet of San Jose was re-elected to the office of president by a vote of 118 to 9 for her opponent, Mrs. Sarah J. Dorr of Santa Cruz. The latter was unanimously elected first vice president. For second vice president there were three aspirants, Mrs. Lizzie Ross Miller of Tehama being selected by a large majority. All other elections were unanimous, and were as follows:

Recording secretary, Mrs. Anna Little Barry of San Francisco, corresponding secretary, Mrs. Dorcas J. Spencer of San Francisco, treasurer, Mrs. Emily Hoppin of Yolo; auditor, Mrs. Bright of Petaluma.

This afternoon delegates to the National Convention are being balloted for.

The convention authorized the following for the press of the State concerning the "prayer chain":

"The prayer chain of which so much has been said, originated with a man in Pennsylvania. Individual members of the W. C. T. U. in Indiana endorsed it and their action has been widely published, but no State union has taken it up and the National Union disclaims it altogether.

"By order of the Executive Board of the California W. C. T. U.

"Mrs. Sturtevant Peet, President, Mrs. Dorcas J. Spencer, Corresponding Secretary."

CLEVER THIEF IS MR. ALVORD.

WASHINGTON, Oct. 24.—T. P. Kane, Acting Comptroller of the Currency, today gave out the following statement regarding the defalcation in the First National Bank of New York.

"During the progress of the examination by Bank Examiner Hanna of Chicago, of the First National Bank, Assistant Cashier Bakus discovered that the note and exchange teller, Alvord, was short in his cash to the amount which has since been found to be $920,000.

"His thefts have been going on for a long time. The plan of concealing them and making the cash on hand agree with the amount for which he was accountable as shown by the books was to take out of the morning mail, of which he was in charge, a sufficient number of cash items to cover the aggregate amount of his defalcation and add them to the exchanges for the Clearing House received the preceding day.

"The examination of the exchanges at the time of examination showed the total amount correct, but $920,000 of the items had been taken from the morning mail and listed with previous days' exchanges the amount of morning additions being reduced that much so that the sum of two aggregated the correct amount."

Alvord has not yet been arrested.

NEW JERSEY GIRL'S DEATH.

NEW YORK, Oct. 24.—Southorpe, the driver of the carriage in which Jennie Bosschieter, the Paterson mill girl, was carried about the streets of Paterson after she had been drugged and assaulted, as alleged, by four men, was released today under $500 bail to appear as a witness against the accused men.

The Coroner of Passaic county said today that the inquest into the death of Miss Bosschieter cannot be held until a report is received from the chemists who are making an analysis of the contents of the dead girl's stomach, and it may be two weeks before the chemists' work is completed.

Daetwyler With Peyser.

Peyser, the popular Washington street tailor, has probably the best cutter in Oakland, in the person of Mr. Frank A. Daetwyler, who is considered one of the best men in his line of business on the coast. He has enjoyed the reputation as such since his advent in the United States, and his work certainly bears out the assertion that he has few equals. Previously to coming to this city he was identified with leading tailors in the principal cities of the country. He is a valuable acquisition to any tailoring establishment.

EVER THINK?

People who think it strange that the farmers in the Holy Land follow the same customs that prevailed in the time of Ruth and Boaz, look with perfect indifference upon the picture of a housekeeper struggling along with a smoky, coal stove subject to every caprice of the wind that blows down the chimney. This is really funny but the funniest thing about it, is its truth.

Keep up with the procession. Use a gas stove; a gas heater; have a bath for 1½ cents and don't smoke and work your life away. These few words are thrown out merely to set you a thinking.

GREAT MEETING HELD AT PIEDMONT

Russ Lukens Tells the People of the Triumphs of Republican Administration.

The Republican rally at Piedmont last evening was an affair long to be remembered by the residents of the district. The streets were crowded with people and there was a parade that was worth seeing. The Piedmont Mounted Rangers turned out in full force and made a fine showing. P. J. Keller led the Rangers.

The hall was entirely too small to accommodate the people and many were turned away.

G. R. LUKENS' SPEECH.

G. R. Lukens, Republican candidate for Senator was the first speaker of the evening. He made a fine speech and was cordially received. Mr. Lukens said:

"Within a very short space of time the citizens of this great Republic will make their choice of a man to fill the high station of President of the United States for the term commencing on the 4th of March next. Throughout the Republic there is now going on a separation of its people into one or other of two great political camps mainly. It is a process now fairly to be called old yet ever new in the tremendous interest it excites. It is a spectacle already exhibited by this nation to the attending world twenty-eight several times. Momentous as many past elections have been in the issues they established and the policies they gave to the world, at no time perhaps has a contest for the Presidency involved so much of vital and lasting concern to the people as the one impending. Accordingly we are met here at this time to take counsel together and consider the things that should shape the conduct of each of us as a voter this year.

"I should indeed be fortunate if I could at this time give to your consideration something entirely new and equally important to reflect upon in making your choice, or to confirm the decision which I do not doubt has already been reached by many of you. In the short time that is allowed to me I will make no such attempt. Agreeable as it would be to review the triumphs of the last four years in our national history I pass over the magnificent promptitude with which the President addressed himself to the fulfillment of the promise made before election that prosperity should be given to the people and plenty take the place of want. I shall say nothing of how within five days of his inauguration President McKinley convened Congress in extraordinary session in order that a tariff adequate to the needs of the country might be enacted; how in a shorter space of time than ever before in the history of legislation the Dingley Bill so called was made the law of the land; and how forthwith public confidence was restored, capital sought investment, labor found employment, and industrial revival spread the benefits of its influence throughout the entire nation. I omit to say anything about the conduct of the war with a great foreign power; about the splendid achievements of our army and the added glory of our navy.

SPANISH WAR.

"I do not delay to recount with what mastery of the duties of his office the President used all the devices of diplomacy to avert war with Spain and when they were exhausted and he saw that no human power could avert the impending conflict, how firm he was in holding back the nation from the clash of arms until it was prepared to make the result of the war a great and sounding victory. I pass over the details of the administration of this Government by President McKinley from which it has resulted that to-day the United States holds the foremost position among all the nations of the earth in prosperity at home and prestige abroad. Our commerce has been brought to its present stupendous growth by the direct operation of wise tariff laws and laws establishing on a sound basis the currency of the Government, and through the efficient execution of those laws by the President; and if anyone shall say that the war was wrong either in its origin or the conduct of it, I answer in the words of one of the wisest of the sons of men: "And deep though the causes of thankfulness must be to every people at peace with others and at unity in itself there are causes for fear also a fear greater than of sword and sedition, that dependence on God may be forgotten because the bread is given and the water is sure; that gratitude to him may cease because his constancy of protection has taken the semblance of a natural law; that heavenly hope may grow faint amidst the full fruition of the world; that selfishness may take place of undemanded devotion; compassion be lost in vain glory and love in dissimulation that enervation may succeed to strength, apathy to patience and the noise of jesting words and foulness of dark thoughts to the earnest purity of the gaided loins and the burning lamps Let us beware that our rest become not the rest of stones which so long as they are torrent tossed and thunder stricken maintain their majesty but when the stream is silent and the storm passed suffer the grass to cover them and the lichen to feed on them and are ploughed down into dust.

TRIUMPHS OF ADMINISTRATION.

"So long as human nature shall endure as it is a great nation may easily be overcome by far more dreadful fortunes than a great war. The hero expiring on the field of battle waged by his country in justice gives to his country and has died a higher service for than he who stands purple-robed and in the struggle of his country delays to take up arms because war has its horrors.

"If I say nothing about the triumphs of the present National Administration I shall say as little in condemnation of the man and his followers who seek to overthrow it and establish themselves in its place. However, I do wish to have you make what I deem a very important distinction. If there is any pretext occasion for denouncing the Democratic party and its policies I hope everyone will understand that we are apparently compelled to speak of Mr. Bryan as the Democratic party and the Chicago and Kansas City platforms as the expression of its policies. I am reminded of the wit who asked how many legs a dog would have if its tail was a leg and of the dullard who answered five. He was wrong. You might call his tail a leg until the crack of doom and it would be a tail just the same and the dog's legs would be but four.

"They may call themselves Democrats so long as that great party shall not provide its true leaders, but history will not be deceived, and the difference between the man who gave their support to Tilden and to Jackson and to Cleveland and the men who have stolen the name and the style of the Democratic party will be manifest. For the true Democrat, the Democrat who responds instantly to the principles of government asserted by his party up to the year 1896, the Republican party has the greatest respect. It acknowledges the patriotism they have exhibited, and the Republican party is indeed fortunate that, as President McKinley states:

"'In its solution of great problems and its performance of high duties it has had the support of members of all parties in the past and confidently invokes their co-operation in the future.'

"It has been said that government is a contrivance of human wisdom to provide for human wants. For the practical conduct of government we pursue the method in this country of delegating special powers to the Federal Government and reserving to the States the power of local self government. It results from this that the people must at the coming election choose certain officers for the purposes of local self government. I owe it perhaps entirely to the circumstance that I have been given a nomination for office in the State Senate that I have the privilege of meeting here with you at this time You should be given some idea of the conditions under which I seek this opportunity for honorable public service. Whatever may have been the ideas in other ages, government today is not content with assuring domestic tranquility and providing for the common defense merely of the people.

BEST CONDITIONS.

"Government is not merely a police power. Far otherwise, it concerns itself with providing the best possible conditions under which everyone who gives it allegiance may freely work out his life according to his own ideals. Government is not content in preventing wrong in the special sense in which it punishes the thief and the murderer. It is not sufficient that security be given to the lives and property of the people. Government undertakes to bring it about that the people shall know and enjoy the highest and best use of property and the right enjoyment of life, and so it is that the State today does not merely maintain prisons, but it provides schools, and it is the good fortune of this district to have within its boundaries not only a home for those adults whose sight is quenched and an asylum and school for the deaf, dumb and blind where, so far as human providence can accomplish restoration the best means are provided, and so far as the best methods can aid schooling and instruction are given so that, though the light may be shut out at one or other of the senses, the deprivation is mitigated and minimized, but we also have located here the fairest and ripest fruit of the State's provision for its people, the now famous University of California. For each of these the Legislature must give adequate support so that their proper and natural growth shall receive no check.

"This district has been so fortunate in the persons of those it has hitherto chosen to represent it in the Legislature that a high standard of public service has been established and in some measure many look to Alameda county to take a leading part in the work of the Legislature.

"The universal demand for the improvement and simplification of the election laws throughout is most significant. Much has been done in this State to guarantee an honest ballot and fair count.

"Much remains to be accomplished in order that the same guarantees may attend primary elections as the general elections. It is a subject of the very first importance, and if the proposed amendment to the constitution giving the Legislature larger powers to provide for primary elections shall be adopted, I assure you it will not be for want of industry on my part if the representatives from Alameda county fail to realize the hopes of the people in this respect. Popular government depends for its success upon the security with which the people may express their choice and the certainty with which it will be established."

Dr. Leeper, candidate for the Assembly, made an interesting address and was well received by the audience.

H. D. Rose, candidate for Supervisor, was well received by the audience. He made a good speech and was heartily cheered.

Resolutions were passed condemning the action of Supervisor Booth.

Harry A. Melvin made the closing speech of the evening.

WHAT PEOPLE SAY
Is Not What Makes a Remedy Valuable.

Testimonials are good things and we are always glad to get them, but they don't make our remedy any better.

Stuart's Dyspepsia Tablets are good because they do good—because they cure

Testimonials simply prove that the tablets have helped other people, but it's yourself you are most interested in, and whether they will cure you is the question.

It is very easy to find out—try them. A full package costs but fifty cents at your druggist's. They are worth that if they only help you a little bit. The chance is worth taking at the price

We put it on that basis because you don't know about the tablets If you knew as much about them as we do you would have complete confidence, this advertising would be unnecessary. We have seen them cure the worst cases of stomach trouble Cases of long standing and obstinacy, cases that other medicines and even high priced doctors had failed to subdue.

Here are some testimonials. If you care to read them we have thousands of them.

Rev. J. R. Hoag of Wymore, Nebraska, writes: For six years I have been troubled with dyspepsia. First and I became very much alarmed at some symptoms of heart trouble and came to believe there was a sympathetic relation between the two diseases, or rather that the stomach trouble was the cause of the heart disturbance. I hit upon Stuart's Dyspepsia Tablets for a remedy and invested a dollar and a half for three boxes, which lasted me three months, and I can eat any kind of food I want and have a good vigorous appetite. Although I am seventy-seven years old I now feel perfectly well, and without being requested by anyone I make this statement as a compliment to the virtues of Stuart's Dyspepsia Tablets.

Mrs. Lydia Bartram of Assyria, Mich., writes: I have suffered from stomach trouble for ten years, and five different doctors gave me only temporary relief. A Mr. E. R. Page advised me to try Stuart's Dyspepsia Tablets, and four boxes did me more permanent benefit than all the doctors' medicines that I have ever taken.

We honestly believe that Stuart's Dyspepsia Tablets are the best medicine ever made for the cure of stomach troubles.

Don't mistake our meaning. We don't claim them to cure anything but dyspepsia and stomachic disorders Just the one thing is what they are made for, but that one thing is the cause—the starting point of nearly all the sickness in the world.

Use Stuart's Tablets regularly. Keep your stomach right, and you can never be sick.

KILLED BY HIS OWN GUN.

Walter A. Stearns Meets With Fatal Accident While Hunting.

Walter A. Stearns was almost instantly killed yesterday afternoon by the accidental discharge of his gun while hunting near Fruitvale.

In company with H. B. Smith, Stearns had been hunting in Moraga Valley. On their way home Smith saw a rabbit in the brush and seizing his gun jumped from the wagon. He had gone about fifty feet when he heard the report of Stearns' gun, followed by the cry, "Smith, I am shot through the heart."

A Mr. Lemmon was passing at the time and, with Smith, hurried to the aid of Stearns, but he died in a few moments. The entire charge of shot had entered his left breast. Lemmon and Smith stated to the Deputy Coroner that when Smith jumped from the wagon the horse became restless and Stearns stood in an effort to hold the animal in the road. The dead man's gun had been resting between his knees and it is thought the hammer caught in the robe in some manner and exploded the cartridge. Stearns was 29 years of age, a native of Michigan, and lived on School street near Fruitvale avenue with his widowed mother and was her sole support.

The presence of a majority of the justices shall be necessary for the transaction of business (except such as may be done at chambers), and the concurrence of a majority of the justices shall be necessary to pronounce a judgment.

The supreme court shall hold all of its sessions at San Francisco. There shall be three regular sessions each year, beginning on the second Monday in January, May, and September. Special sessions may be held at any time on the order of the chief justice or of three associate justices.

The chief justice and the justices of the supreme court shall be elected by the qualified electors of the State at large at the general State elections at the times and places at which State officers are elected, and the term of office shall be twelve years from and after the first Monday after the first day of January next succeeding their election.

The supreme court shall have appellate jurisdiction direct from the superior court in every action, proceeding or special proceeding where is necessarily drawn in question the validity of a statute, or of an authority exercised under the United States; or where is necessarily drawn in question the validity of the constitution or any statute of or authority exercised under this State on the ground of being repugnant to the constitution or laws of the United States; or where is necessarily drawn in question the validity of any statute of or authority exercised under this State on the ground of being repugnant to the constitution of this State; or where is necessarily drawn in question the legality of any tax, impost or assessment; in all proceedings in exercise of the right of eminent domain, in actions or proceedings for usurpation or intrusion into, or unlawful holding of, a public franchise; also in all criminal actions (on questions of law alone) in which the judgment shall be death or imprisonment for life; and also in all cases in which the fact of the adoption by a city, or of a city and county, of a charter for its own government, or the validity of the same, or any part thereof, or of any authority exercised thereunder, is necessarily drawn in question. It shall also have appellate jurisdiction in every action, proceeding or special proceeding determined by any district court of appeal the record in which may, by order pursuant to the further provisions on these subjects hereinafter contained in this article, be directed to be transmitted to it. It shall also have jurisdiction in every action, proceeding and special proceeding which shall actually have been submitted to it for decision before the organization of the district courts of appeal established by this amendment, and of every pending cause which shall not be transferable to the district courts of appeal as hereinafter provided. And in all cases in which the supreme court shall acquire jurisdiction it shall have further jurisdiction to decide all questions properly presented on the record, whether or no they be such as of themselves would entitle the court to take jurisdiction of the cause.

Sec. 3. The State is hereby divided into three appellate districts, in each of which there shall be a district court of appeal, consisting of three justices. There shall in each year be four regular sessions of each district court of appeal, commencing on the second Monday in February, May, August and November. The justices of the district courts of appeal shall be elected by the qualified electors within their respective districts at the general State elections at the times and places at which State officers are elected, and the term of office shall be twelve years from and after the first Monday after the first day of January next succeeding the election; provided, that on or before the first day of January after this amendment takes effect the governor shall appoint three justices for each district court of appeal, to hold office until qualification of justices to be elected at the next succeeding general election. The justices of each district court of appeal so elected at the first election shall, at their first meeting, so classify themselves, by lot that one of them shall go out of office at the end of four years, one at the end of eight years and the third at the end of twelve years. An entry of such classification shall be made in the minutes of the court signed by them, and a duplicate thereof shall be filed in the office of the secretary of State.

Whenever any justice of the supreme court is for any reason disqualified or unable to act in a cause pending before it, the remaining justices may select one of the justices of a district court of appeal to act pro tempore in the place of the justice so disqualified or unable to act. Whenever any justice of a district court of appeal is for any reason disqualified or unable to act in any cause pending before it the chief justice may appoint a judge of a superior court, who has not acted in the cause in the court below, to act pro tempore in the place of the justice so disqualified or unable to act. A justice of one district court of appeal may at any time sit as a justice pro tempore in any other district court of appeal upon the written request of the chief justice of said court; every justice pro tempore of the supreme court of the district court of appeal, while acting as such, shall have the same power and authority as the justice of such court.

The several district courts of appeal shall have appellate jurisdiction in every civil action, proceeding and special proceeding commenced and determined and on questions of law alone in every criminal action prosecuted by indictment or information in the superior courts within their several appellate districts, excepting only those actions, proceedings and special proceedings in which an appeal direct to the supreme court from the superior courts is expressly allowed by this article. The statutes now in force allowing, providing for and regulating appeals to the supreme court shall apply to appeals to the district courts of appeal so far as consistent with this article until the legislature shall make provision for appeals to said courts.

The judgments and decrees of the district courts of appeal shall be final in all causes embraced within their appellate jurisdiction, except in the following cases:

In any cause decided by a district court of appeal, if the decision of such court of appeal conflicts with a previous decision of the supreme court, or if another district court of appeal, the supreme court, shall, upon petition to be filed within thirty days after entry of judgment in the district court of appeal, order the cause to be heard by the supreme court, and thereupon the record shall be transmitted to the supreme court, which shall hear and determine the cause.

The district courts of appeal shall have power to issue within their respective districts writs of mandamus, certiorari, prohibition, quo warranto, and habeas corpus, and shall likewise have power within such districts to issue all writs and orders necessary or proper to the complete and effectual exercise of their appellate jurisdiction. Each justice of the district courts of appeal shall have power to issue writs to habeas corpus to any part of the appellate district in which he sits, and any such writ may be made returnable before the justice who issued it, or the court from which it was issued, or any justice thereof, or before any lower court of record, or before any judge thereof.

Unless oral argument be waived by the parties with the consent of the Court in every cause and matter in the supreme court and in any district court of appeal (except such applications as may be made ex-parte) shall be orally argued by the parties or their counsel in open court; but this shall not prevent the court from requiring that the points to be argued and considered, together with a list of authorities to sustain such points, shall be printed and filed before a cause is taken up for argument. Not more than twenty cases (except ex-parte applications) shall be under submission for decision at any one time in the supreme court or in any district court of appeal. Sec. 10. Justices of the supreme court, of the district courts of appeal, and judges of the superior courts may be removed by concurrent resolution of both houses of the legislature, adopted by a two-thirds vote of each house. All other judicial officers except the justices of the peace may be removed by the senate on the recommendation of the governor; but no removal shall be made by virtue of this section unless the reasons therefor be entered on the journal, nor unless the party complained of has been served with a copy of the complaint against him and shall have had an opportunity of being heard in his defense. On the question of removal the ayes and noes shall be entered on the journal.

Sec. 12. The supreme court, the district courts of appeal, the superior courts, and such other courts as the legislature may prescribe, shall be courts of record.

Sec. 14. The county clerks shall be ex-officio clerks of the courts of record in and for their respective counties or cities and counties. The legislature may also provide for the appointment by the several superior courts of one or more commissioners in their respective counties or cities and counties with authority to perform chamber business of the judges of the superior courts, to take depositions, and perform such other business connected with the administration of justice as may be prescribed by law.

Sec. 16. The legislature shall provide for the speedy and uniform publication of such opinions of the supreme court and of other district courts of appeal as may be ordered by said courts respectively, and all such opinions shall be free for publication by any person.

Sec. 17. The justices of the supreme court, of the district courts of appeal, and the judges of the superior courts shall severally, at stated times during their continuance in office, receive for their services a compensation which shall not be increased or diminished after their election nor during the term for which they shall have been elected. Sec. 18. The justices of the supreme court, of the district courts of appeal, and the judges of the superior courts shall be ineligible to any other office or public employment than a judicial office or employment during the term for which they shall have been elected.

Sec. 21. The supreme court shall appoint a clerk of that court, but the present clerk of the court shall hold office until the expiration of his term of office; a phonographic reporter, and a bailiff, who shall severally hold his office and be removable at the pleasure of the court. Each district court of appeal shall appoint a clerk, phonographic reporter and a bailiff, who shall severally hold his office and be removable at the pleasure of the court by which he is appointed. The supreme court shall appoint a reporter of decisions, who shall appoint an assistant reporter for each of the district courts of appeal. All of said officers shall hold office and be removable at the pleasure of the supreme court. The decisions of the district courts of appeal shall be published in the same volumes with the opinions of the supreme court under the same general title of California Reports; and all statutes in relation to the publication of the opinions of the supreme court shall be deemed to apply to the publication of the decisions of the district courts of appeal.

Sec. 22. No one shall be eligible to the office of a justice of the supreme court, or of a district court of appeal, or of a judge of a superior court, unless he shall have been admitted to practice before the supreme court of the State.

GOING TO MEXICO ?

The Southern Pacific Company will run a Special Train of Pullman Sleeping Cars from San Francisco to the City of Mexico, leaving on Wednesday, November 14th, and passing Los Angeles on the following day.
The round trip rate from San Francisco will be $80; from Los Angeles, $70, and proportionate rates from other points.
It is calculated that the excursion will require about 30 days, but tickets will be good for 60 days, so that those who wish may prolong their visit. Very complete arrangements are provided for side trips. Mexico is famous for its strange, quaint and curious attractions, but unfortunately not all of them are found on the main avenues of travel. They can be visited at small cost, and should not be omitted.
The Excursion will be in charge of Wm. H. Menton, Excursion Passenger Agent of the Southern Pacific, who is familiar with Mexico, speaks it language, and will cheerfully give all desired information to inquirers. Go and see or address him at 613 Market Street, San Francisco, Cal., or M. DE CORA, S. P. Co. Agent at Seventh and Broadway, Oakland.
